Dear

ABOUT THE SITE

The site has been running for a number of years now, and currently has 25 members, but we would like to see more of you on the site! We have strived to make the site easy for visitors to find – simply keying in 'shoemakers' into www.google.co.uk and we come out at the top of the list!

WHAT YOU GET

With registration on the site, you get a listing on the main page, complete with logo and a brief description of your product range. Both the logo and the title are then linked to an individual page on our site, which contains a longer description of what you do, complete with contact details, hyperlink to your own site and email address.

We offer a contact form where people can send emails directly even if they don't have their own email account.

Microsoft are offering a great deal on Hosted Email – for just £50 per year you get an Email mailbox with 50Gb of storage, including backup! You can access it from Outlook 2007 onwards, iPhones, or Web! We can help you migrate to this service for just £60. Plus, when you change broadband providers you can keep your email address.

BACKUP OFFER

Keeping your critical data secure is just as important as making a pair of shoes that fit! We offer online backup that will copy your data off to our UK datacentre, so if your PC breaks you don't lose everything. Ask about our FREE 1 MONTH TRIAL. If you continue, our service costs £50 to set up, and £50/ yr for each Gigabyte of data.

WHAT TO DO NEXT

We have partially completed the application form for you, please check and amend if necessary and return it to us with your payment. For new members, we will also need a copy of your logo – either in electronic form or a clean original for scanning.

We hope that we will shortly be welcoming you as members!

Still using Windows XP? you shouldn't be! Give us a call and we'll explain Why, and how we can help!
